

QTI-VM-QSW ESVM Online Monitor System Solution for Products Online Voltage Monitor

- Where Electrostatic Voltage generate
- How much of the Voltage and how about the Voltage Wave
- Monitor the voltage Wave Real-time and alarm remotely

Connect 8 sets TREK ESVM sensor same time

TREK ESVM(Optional)

- High Accuracy and High Stability
- B/S structure Software
- Remote control on software
- Support SQL server database and upload all data to customer

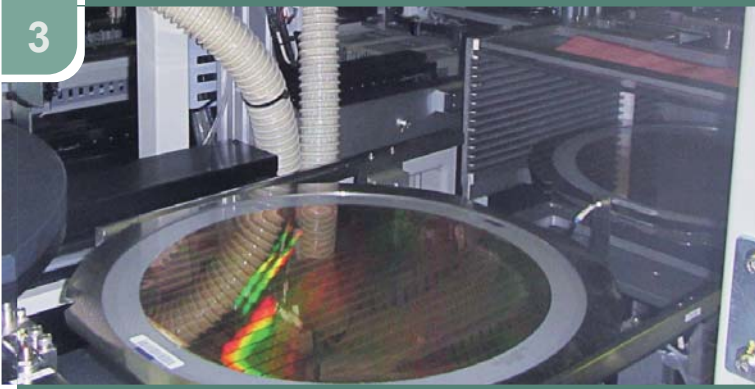

Application

High-vacuum Sputter monitor Voltage to avoid Glass stick problem

FPD Array & CF process monitor the real voltage on glass. Totally different from Field meter sensor.

IC Dicing and Tape removal process, we can monitor the voltage change and alarm when exceed the limit

Fixture made by Anti-ESD material through 3D Printing

NEW!

we can provide special Anti-ESD material for fixture customized Resistance is 10^7 -- $10^9\Omega$
